

Nisos Ascend™ Platform

Manage human-driven threats at scale with the Nisos Ascend platform.

Built on a decade of adversary intelligence, Ascend is powered by AI, guided by analyst expertise, and delivers Nisos tradecraft directly into your hands. The platform enables teams to assess risk, monitor threats, and maintain continuous visibility into human risk exposures. Ascend transforms how organizations detect and respond to digital threats, delivering actionable intelligence to help safeguard people, assets, and reputation.

Built for Human Risk at Scale

Designed to Flex Across Complex Human Risk Problems

Ascend is designed for intelligence-led assessments and monitoring. Whether you're protecting high-profile executives or looking to scale visibility across 5, 50 or beyond 50,000 individuals, Ascend adapts advanced AI with Nisos' proprietary risk intelligence to deliver visibility beyond the firewall.

Ascend Core Capabilities	
External Signal Intelligence Increase your threat intelligence, detection, and visibility beyond your firewall.	Risk Analytics Understand the risk to your organization and your people through data-backed risk assessments.
Sentiment and Behavior Pattern Detection Flag potential risks to your organization through social media sentiment analysis that enables both one-time investigations and behavior analysis over time.	Early Intent Alerts Proactively identify threats as they emerge to flag when a risk becomes a threat with a comprehensive set of indicators.

Empowerment and Value, Delivered Day One

Up-Level Your Human Risk Management Program

Ascend's built-in tradecraft and ease of use makes quick and thorough open-source intelligence (OSINT) analysis possible without deep expertise. Powerful, intuitive, click-through menus enable fast set-up of monitoring and deliver actionable intelligence for investigations.

Technology and Tradecraft, Together

The Ascend Platform Difference

Ascend is more than a platform: it's the culmination of a decade of human risk expertise. Powered by Nisos' proprietary AI and tradecraft, and enriched with our analyst-informed logic, Ascend delivers intelligence where and when you need it.

Whether you're scaling security or looking for high-confidence answers, Ascend meets you where you are, and is backed by the full power of Nisos' white-glove services.

See threats before they escalate	Stay aware in real time	Reduce risk, at scale
Ascend helps you detect early signals of human-driven threats before they compromise people, data, or operations.	From executive threats to digital exposure, Ascend continuously monitors surface, deep, and dark web data to uncover signals that matter.	Use Ascend to track reputational, physical, and cyber risks. Enable your team to reduce exposure and protect high-value individuals and assets.

Executive Shield: Protect High-Profile Individuals from Digital and Physical Threats

Ascend's Executive Shield module offers a comprehensive, client-led executive protection capability that helps you assess an individual's risk, perform continuous threat monitoring, mitigate threats, and reduce PII exposure for high-profile employees. Nisos Assessments are Different

Unlike the traditional threat intelligence approach of delivering standard datasets with generic insights, Nisos uses our vast multi-source collection and analysis capability to uncover critical insights and tailored recommendations for your unique human risk threats. Nisos' threat assessments provide visibility beyond the perimeter of your internal firewalls and security. Our insights provide actionable intelligence and prioritized threat mitigation recommendations to help you reduce human risk.

"Nisos has been a trusted partner to Cowbell Cyber for over three years, delivering high-quality intelligence and investigative support across some of our most complex challenges. Their expertise in human risk, which stems from a team of exceptional former intelligence professionals, has significantly strengthened our ability to identify and mitigate threats. Nisos enables our advisors to better support policyholders and reduce overall risk exposure across our ecosystem."

Matthieu Chan Tsin, SVP of Resiliency Services - Cowbell Cyber

An Extension of Your Team

The Nisos team is always here for you, operating as an extension of your team, providing intelligence and guidance. Our analysts train Ascend to ensure that clients benefit from their expertise 24/7. We also can deliver full end-to-end analyst-led intelligence services, including in-depth investigations that deliver answers - like attribution - that others don't. Regardless of which client engagement you choose, we develop a custom, curated relationship that evolves with you.
